The Travelling Love Series

A Revolution of Change

Printable DIY Cards

On 16th February 2024, I began preparations for this Travelling Love Series, long before hearing the name, *Keir Starmer*. I finished the draft on 27th March 2024, still before hearing the name Keir Starmer. No, I did not live under a rock, just overseas and then stuck in a suspected paperwork genocide here on home soil, a genocide that might have touched a number of demographics, not only the one I wrote for. Today, I'd rather not think on it, I'd rather dream of a more hopeful future.

Drifting into dreams, creative fantasies, it led to the development of three websites: AnaMaria.Org; AnaMariaFoundation.Org; FaithInChange.Com; all three became an energetic force, together they made change happen. These cards will eventually be distributed among The People, do rest assured, I had my eye on change long before Prime Minister Starmer entered my awareness, I am riding no one's coattails today! The use of similar words was sheer coincidence. He just happened to be in the right place at the right time; or was I? *Or perhaps we all are...?* This is, *The Revolution of Change*; fancy a wee revolt? It seems it is our collective destiny, People of The United Kingdom, does it not?

Guidelines for usage: You will require access to a printer (preferably colour), scissors and glue. If you wish to make these lovely cards and mini posters last a little longer, you may choose to laminate them and keep a set around the house, in the car, or on your person.

These resources are great reminders of grace, and may come to offer assistance in times of need, when perhaps you need to reach inwards for the strength, hope and faith to pull you through those harder days or times of great challenge and difficulty. Although, maybe you simply wish to bless an already happy day, since love is love, and beautiful energy is a good thing to welcome at any time in your life – filling up an already full pot so that it may overflow will work wonders for those around you too... Sustaining and maintaining your wellness will always benefit from such practices, as will any recovery maintenance journeys already underway.

Instructions for Travelling Love Cards

You will find the cards ready to print, cut and stick, et voila, you get a full set of travelling love cards:

- 1) Print your chosen pages.
- 2) Trim the business cards along the dotted lines, making certain not to cut the centre folding line.
- 3) Fold and glue the backs of the cards together.
- 4) Optional – laminate your cards to make them last longer or become ready for gifting to a stranger or friend.

Suggestions for your cards:

- ♥ Read one or two each morning, or throughout the day... small reminders can support the changes that you may be seeking. Insignificant a small act is not, and it is the many placed in a row that amount to a new day.
- ♥ Prepare a whole bunch to keep on your person, be that in your wallet, bag or car. They may come in handy, for you or another human being. Let this love travel and spread...
- ♥ Send a set to that friend you know is struggling to stay upright.
- ♥ Hand them out to the homeless, those suffering with acute mental health crisis or other vulnerable people.
- ♥ Leave them on the train for another person to find (place your faith in the right human being finding them).
- ♥ Place a few in places you know people in need may visit - the doctor's surgery or the local mental health charity. Perhaps place a handout or two in the local health care centre and encourage those behind the desk to hand them out as they feel inclined. A local secondary school may just find these cards support their students.
- ♥ Gift them to your neighbour's teenage child whose life seems to be becoming a little complicated and dark.
- ♥ If you see a person struggle – ACT! Any small act is enough, but letting a person be seen can be way more than enough at certain times in life. Invisible pain needs seeing, if it is to become the focus of healing.

TRAVELLING LOVE is the CONCEPT, but a concept which requires your patience, preparation and kindness intended. Laminating the cards makes longevity possible and greener practices also present a real love of the natural world and thanks for her offerings, which came to make the printing of these cards possible. Plus, laminated cards are more likely to last and aid more people as they get passed around.

Please feel free to keep the cards for as long as you feel inclined to do so, forever even, if they hold you up on a darker day; but always know that passing love and light around the earth creates the changes that humanity craves.
